On the trail: (all trail descriptions will be westbound, follow in reverse for eastbound)

This segment connects two very popular trailheads for both hikers and mountain bikers. There are lovely views of the Dead River and some good hills to climb. The middle portion of the segment is much less traveled. Parts of this segment combine with the Noquemanon Ski Trail.

From the parking area at (46.572277,-87.413787) head towards the river where you will turn right and pick up the NCT. Follow the blue blazes carefully as there are numerous trails that crisscross while you hike along the river and then climb a rocky hill. Further on through the woods you will cross a railroad track as well as two roads before reaching the Noquemanon Forestville Trailhead at (46.582291,-87.479609)

Driving Directions:

From the lakeshore, continue west for 1 mile on Hawley St, which turns into [County Road (CR) 550/Big Bay Rd]. The parking area for the Noquemanon Trail Network/Tourist Park trailhead is located on the left just past the Dead River Bridge. It is the second parking area on Avenza Maps.

Western Trailhead
