On the trail: (all trail descriptions will be westbound, follow in reverse for eastbound)

This segment skirts the campground at the NTN/Forestville Trailhead and heads into a lovely woods walk with a few ups and downs and a short walk along a little creek.

From the parking area at the Noquemanon Forestville Trailhead (46.582783,-87.478904), follow the blazes as the NCT intermingles at times with the NTN trails. Watch out and be respectful of the mountain bikers- they are great trail partners for us in this area! After crossing an open area, you will head back into the woods until you cross Forestville Rd and do a short gravel road walk that ends at Compeau Creek Rd. (46.595039,-87.486550).
