

Segment 5 - Peter White Rd to End of Segan Rd Walk

(Formerly portions of Segments 4 & 5) Updated May 2026 [Google Map of Segment 5](#) The Google Map is only for an overview of the trail. **Use Avenza Maps for actually locating and following the trail.**

Trail Adopter: Connor Francek (248) 881-1223

Segment length: About 2.9 Miles, east to west 154 ft of ascent, 315 ft of descent

Link to [Avenza Maps Online](#) : Use Maps # 47 & 48 in Avenza app. Make sure you have the current updates for Avenza. Always refer to the updated Avenza Maps for the most current NCT mile markers.

Please contact the Trail Crew Leader (Brad Slagle 906 236-2776) with reports of trail conditions, including blowdowns, washouts or inadequate blazing, or if you have questions on driving directions to the start point.

Many of the backroads have multiple names depending on which map you are using. When known, multiple names for the same road have been indicated in italics within brackets.

On the trail: (all trail descriptions will be westbound, follow in reverse for eastbound)

This segment is a beautiful remote area with a waterfall just east of the road walk portion.

From your vehicle on [*Peter White Rd/CR 403*] at (46.413762,-87.067921) follow the blue blazes west for about 1.4 miles to the top of a very nice unnamed waterfall. Continue down a steep slope .4 miles to [*Segan Rd/Sigan Rd/CR 403*] where there is a cabin on the right. Behind the cabin is a well with a hand pump that the owners make available to hikers. The segment continues down [*Segan Rd/Sigan Rd/CR 403*] for ¾ miles. The segment ends at (46.430572,-87.107071) where the trail returns into the woods.

Driving Directions:

The roads to reach both trailheads are very rough, sometimes flooded and seasonably impassable and should not be attempted with anything other than a high clearance 4WD vehicle. It is recommended that this segment be combined with Segments 4 and 6. Contact Brad Slagle (above) with any questions.

Camping:

Please do not camp along [*Segan Rd/Sigan Rd/CR 403*] as there is private property along this road. The rest of this segment travels through mostly commercial forest lands and State of MI property, where dispersed camping is allowed.

Water Access:

Water is available at the waterfall and at the cabin mentioned above.

Seasonal Access Information:

From late spring through early winter, reaching both of the trailheads requires a high clearance 4WD and careful driving. Neither trailhead is reachable via vehicle in the wintertime.
