

Wetmore Ponds Spur

Updated April 2024. The location of these spur trails is best found on Avenza Maps as the tiny dotted lines located within the triangle of Hogback Mountain, Wetmore Landing and Sugarloaf Mountain.

Trail Adopter: NMU Conservation Crew, nmucc@nmu.edu

Segment length: Various loops from .8 to 2 miles

Link to [Avenza Maps Online](#) Use Map # 42 in the Avenza app. Make sure you have the current updates for Avenza. Always refer to the updated Avenza Maps for the most current NCT mile markers.

Please contact the Trail Crew Leader (Bob Weisenberger, 906 361-4033, rweisenber@gmail.com) or the Trail Adopter above with reports of trail conditions, including blowdowns, washouts or inadequate blazing, or if you have questions on driving directions to the start point.

Many of the backroads have multiple names depending on which map you are using. When known, multiple names for the same road have been indicated in italics within brackets.

This area has gone through many changes in land ownership and is frequently referred to by the name of the current landowner, although Mead Ponds is generally the most recognizable title. There are multiple trails in this area that offer boardwalks, ponds, bogs, and bluffs. The Lily Pond Spur is a subset of Wetmore Ponds and can be found off of Segment 14 at (46.600339,-87.487663). The other trails connect from the NCT on Segment 14 at (46.608418,-87.478199).

Alternately, From the corner of Hawley St./Lakeshore Boulevard in Marquette, head west for about 4 miles on Hawley St. which turns into [County Road (CR) 550/Big Bay Rd]. Look for an obscure turn to the left that takes you into the Wetmore Ponds parking area. A large map sign in the parking area (along with Avenza) is your best guide to this interesting set of trails.

See Segment 14 for additional directions and access information.
